- Made in USA.
- 2,720 Kg without sights (ref. Available from Simac DDZ001)
- Caliber 5.56mm NATO (.223 Remington)

The [DANIEL DEFENSE](#) V7 is the first rifle in the DDM4 range to have M-LOK® attachment technology with its [DANIEL DEFENSE](#) MFR 15.0 rail. Built on the basis of a 16 "(40.64cm) cold hammered forged barrel, the V7 features an improved [DANIEL DEFENSE](#) flash hider to reduce barrel exit flash. The mid-length (9 inch or 22.86cm) gas borrow system provides a smooth and reliable duty cycle, reducing perceived recoil and impact on moving parts. The front with M-Lok ® MFR XS 15 rail offers a considerable weight saving, superior cooling, preserving a large panel of modularity, while maintaining the strength and durability demanded of [DANIEL DEFENSE](#) .

With the M-LOK 7-position attachment system (sides) as well as its uninterrupted 1913 Picatinny rail on the top, the V7 has plenty of room to mount optics, sights and accessories. The rifle is finished with a soft touch coating on the stock and grip.

- LOWER RECEIVER: CNC milled 7075-T6 Mil-Spec aluminum casing with Type III Hard Coat Anodized finish. The Magazine Well is reamed and upgraded for quick reloading. Inserts for Heavy Duty Quick Release Grenadiers (available from SIMAC ref: DDZ002).
- UPPER RECEIVER: Bronze with optical position markings and accessories. M4 power ramp. CNC milled Aluminum 7075-T6, Type III hard anodized.

- BARREL: Chrome Moly Vanadium steel, Forged cold hammered. No scratches 1: 7, barrel length 16 ? (40.64 cm), M4 profile, chrome and Phosphate coating, Magnetic Particle Inspection (anti-cracking quality control process by magnetic resonance imaging), Tested with high pressure cartridges.
- Direct gas borrow system, CNC-milled 4140 Tempered Steel gas block, hardened Phosphate coating, gas borrowed length: Mid-Length (9 "chromed steel tube or 22.86 cm)
- Daniel Defense muzzle brake in 17-4 PH stainless steel, surface treatment with sodium nitrate. 1?2 × 28 thread
- In front of Daniel Defense MFR 15.0 in Aluminum 6061-T6 picatinny rail on the top and M-LOK on the other sides
- Movable cylinder head assembly: Profile M16, Mil-Spec with Magnetic Particle Inspection, Chrome coating, Gas Key with crimped nuts.
- Dark Brown Cerakote Finish (Mil-Spec Brown)
