The civilian version of the US Navy Seals MK18 SBR (Short Barrel Rifle)

- Compact (10.3" barrel or 26.16 cm) with 1:7 rifling pitch
- Lightweight and adaptable thanks to its 4 Picatinny rails on the front.
- Cerakote FDE coating.
- Delivered in a polymer case with 1 10-round magazine.
- Mil-Spec Brown
- Made in USA.

Photos with tan + red dot charger only in illustration.

Manufacturer [DANIEL DEFENSE](#) designs the best in AR15 and M4, with unparalleled attention to detail and finish.

This manufacturing quality enabled this manufacturer from the USA to supply the American USSOCOM.

The MK18 offers the perfect combination of weight, size and performance. It makes it an ideal weapon for CQB (Close Quarter Battle) type combat as well as for the TSV Rifle (Speed Sport Shooting)

The best AR-15 Made In USA

A reliable, enduring, and precise weapon.

Supplied with a vertical GRIP-N-RIP handle with a 7075-T6 and 6061-T6 aluminum body and soft coating
Flared magazine well for quick and intuitive magazine introduction.

Multiple locations for suspenders and Quick Detach (QD) straps

All the mechanical parts and barrels produced by [DANIEL DEFENSE](#) are subject to rigorous verification, such as tests by magnetic treatment, to detect the slightest defect in the steels.

The MK18 chambered in 5.56 mm caliber, allows the use of both 223 Rem ammunition, the civil denomination, as well as 5.56x45 mm, more military-like, with significantly greater pressures generated. Compact (10.3 "barrel or 26.16 cm).

The MK18 chambered in 300 Blackout, is able to fire a swift and powerful ammunition at close range, and is the ideal caliber for the use of silencer and sound moderator.
