DD5 series guns for the TLD are performance oriented

- Cold hammered forged heavy floating barrel, with no scoring 1:10 (308 Win) and 1: 8 (6.5 CREEDMOR)
- An innovative 4-stud handguard mounting platform with M-Lok rail
- Ambidextrous fire and safety selector.
- The Lower has an oversized trigger guard and a flared SR-25 type magazine well for better insertion.
- 2 stage trigger (boss) with a first stroke at 1.25 Kg (2.5 Lbs) and a net start at 1 Kg (2 Lbs).
- Barrel with patented "Strength-2-Weight" system for an optimal ratio between stiffness and weight, increasing precision and maneuverability.
- Cylinder head and moving assembly designed with a generously dimensioned index finger, improved extraction geometry and double ejectors.

Incorporating over a decade of expertise from leading industry engineers and designers DANIEL DEFENSE , the DD5 sets a whole new standard in the .308 or 6.5 Creedmor platform.

With innovative features like a 4-bolt connection system using a single barrel extension, optimized top receiver, improved bolt carrier group, ambidextrous controls, configurable modular loading handle and cold-forged barrel, the DD5V2 - although built around a traditional AR platform - establishes a new tradition in 7.62 rifles.

It also features a two-stage Geissele SSA trigger (boss trigger) for precise fire control.

The entire DD5 range will undoubtedly offer you the precision, reliability and durability expected from DANIEL DEFENSE .
