NUM195	Canicalm Small	Vente libre	17	126.00 € incl. tax

The small dog bark collar, Canicalm Small, has been optimized by our engineers in order to minimize its bulk and weight.

Thanks to its simple settings, it easily adapts to the character and sensitivity of each dog. Its 3 operating modes and its small footprint make it an ideal anti-bark collar for small dogs and very sensitive dogs.

This effective little dog bark collar will solve the excessive barking problems you may encounter with your faithful companion.

- weight: 17 g (without the strap)
- dimensions: 40 x 21 x 26 mm
- power supply: built-in 3.7V Lithium-Polymer rechargeable battery
- black nylon strap: length 64 cm / width 20 mm - adjustable at the neckline from 17 to 55 cm approximately
- footprint reduced to a minimum
- ultra light: only 17 g
- rechargeable collar (no consumables)

The Small Dog Bark Collar is triggered when it senses the vocal cord vibrations of the barking dog. If the dog barks excessively, it is interrupted by an audible warning followed by short or long progressive stimulation.

Once your dog is conditioned, you can inhibit the stimulation and only use the "sound warning only" mode.

- 2 years warranty
- waterproof collar
- autonomy: 42 hours (in continuous use)
