### Victrix rifles designed for demanding sports shooters.

- Barrel rifled by reference olive in AISI 416R
- Stock with multiple horizontal and vertical adjustments and insulated adjustable cheekpiece, equipped with an Anschütz-type rail on the underside
- Single column polymer magazine with 7 shots + 1 shot in the chamber.
- High-strength one-piece lightweight alloy chassis
- Light alloy front profile equipped with a lateral M-LOK® system and QD (Quick Detach) attachments, an integrated Anschütz-type rail in the middle and an integrated Arca rail over the entire length
- Ergonomic, interchangeable zero-angle flat top handle for standard AR platform
- 20 MoA action rail
- Victrix ProAngle Venus V removable muzzle brake with 4 forward-angled chambers

- Short action in AISI 630. Breech head with 3 asymmetrical tenons
- Matte PVD finish on the receiver and polished PVD finish on the slide
- Victrix Sporting Plus single-stage adjustable trigger with two-position safety: standard setting approx. 400 grams (14.11 oz)
- Protective bag for safe transport
- Explorer transport case cod. 13513
- User manual and welcome kit
- **Riflescope and bipod not included!**

The VENUS V series will be perfect for long distance shooting (TLD) but also for the new shooting discipline, the PRS (Precision Rifle series)

Benchmark lapped match-grade button rifled barrel in AISI 416R

Buttstock with horizontal and vertical multiple button adjustments and an adjustable insulated cheek piece, equipped with an Anschütz-type rail on the underside

Single-feed and single stack 7-round polymer magazine

High-strength monobloc chassis in light alloy

Light profile forend in light alloy equipped with a side M-LOK® system and QD (Quick Detach) attachments, an integrated Anschütz-type rail in the middle and an integrated Arca rail that runs the entire length

Ergonomic and interchangeable zero angle flat top grip for standard AR platform

20 MoA action rail

Victrix ProAngle Venus V detachable muzzle brake featuring 4 forward-canted chambers

Short action in AISI 630 worked out from billet through milling and turning with finish on electro-discharge and grinding machines. Bolt with three asymmetric lugs: first lug on top of the cylinder in vertical position (at 12 o'clock) and two side lugs arranged at an angle of 105-degree lift; equipped with grooves and an interchangeable bolt lever

Matte PVD finish on the action and polished PVD finish on the bolt

Victrix Sporting Plus Single-stage adjustable trigger with a two-position safety: standard setting approx. 400 gr (14.11 oz)

Protective bag for a safe transport

Explorer case for transport cod. 13513

User manual and welcome kit

A benchmark in long-range shooting (TLD)

The quality of manufacture and machining of VICTRIX weapons make them very precise rifles, where only performance counts.

VICTRIX is a must in shooting competitions such as the King of 2 miles, the King of 1 mile or the prince of 1 mile.

Fluid mechanics, a high precision barrel, premium materials. All the necessary components for incredible groupings.
