An ultra comfortable Fabarm semi-automatic hunting rifle designed for steel ball cartridges and intended for waterfowl and migratory hunters!

Iconic model of the FABARM brand, the XLR is with this COMPOSITE AB version, revisited with taste and technicality.

The receiver and barrel benefit from a CERAKOTE Armor Black coating which guarantees optimal protection. The weapon in a magnificent dark anthracite gray, perfectly in accordance with the SOFT TOUCH finish of the composite of the stock and the handguard, has a pretty anise green logo. Very well balanced and ideally suited to the intensive use of powerful cartridges, this COMPOSITE AB version also goes to the essentials with its 3 INNER HP chokes and its cardboard box, with the aim of being an almost unbeatable quality/price ratio. .

- Stock length 368 mm with 22 mm HRA shoe
- Slope at bust 35 mm - Slope at heel 55 mm
- Delivered with 3 INNER HP chokes (2/10 - 7/10 - 9/10)

With an XLR and its TRIBORE HP barrel you also have in hand a weapon truly adapted to the use of steel ball cartridges. This barrel allows the firing of high performance steel ball cartridges with all chokes greater than 1/2 choke, including 3/4 or full choke. The weapon is also tested at 1630 BAR.
